
Menke & Menke

Landscape Architects & Planners

Menke & Menke (M&M) is a landscape architectural and planning firm specializing in cultural and historic landscapes, as well as a full range of other project types. Over the past 24 years, M&M has become a leader in the Mid-Atlantic region in successfully completing over 80 historic restoration, rehabilitation and site improvement projects for public and nonprofit clients. Familiarity with documentary research, master planning, and construction documents gives Menke & Menke the ability to see any project through from the earliest planning stages through construction observation and post construction services. Menke & Menke is a certified WBE.

Historic Conditions Assessment
Historic Research & Documentation
Site Improvements for Cultural Sites
Restoration Construction Documents
Treatment Guidelines & Recommendations

M&M Staff: As principals of M&M, Carol A. Menke and William F. Menke, will be the key personnel for all projects. With a Registered Landscape Architect and a Certified Planner as Principals with over 29 years preservation experience, M&M is able to provide a balanced design and coordinated planning approach. Two technical staff members provide drafting and CAD support, while other horticulturists, arborists, and other support personnel can be utilized.
